

The Institutes for the Achievement of Human Potential®

The Founder's Fund

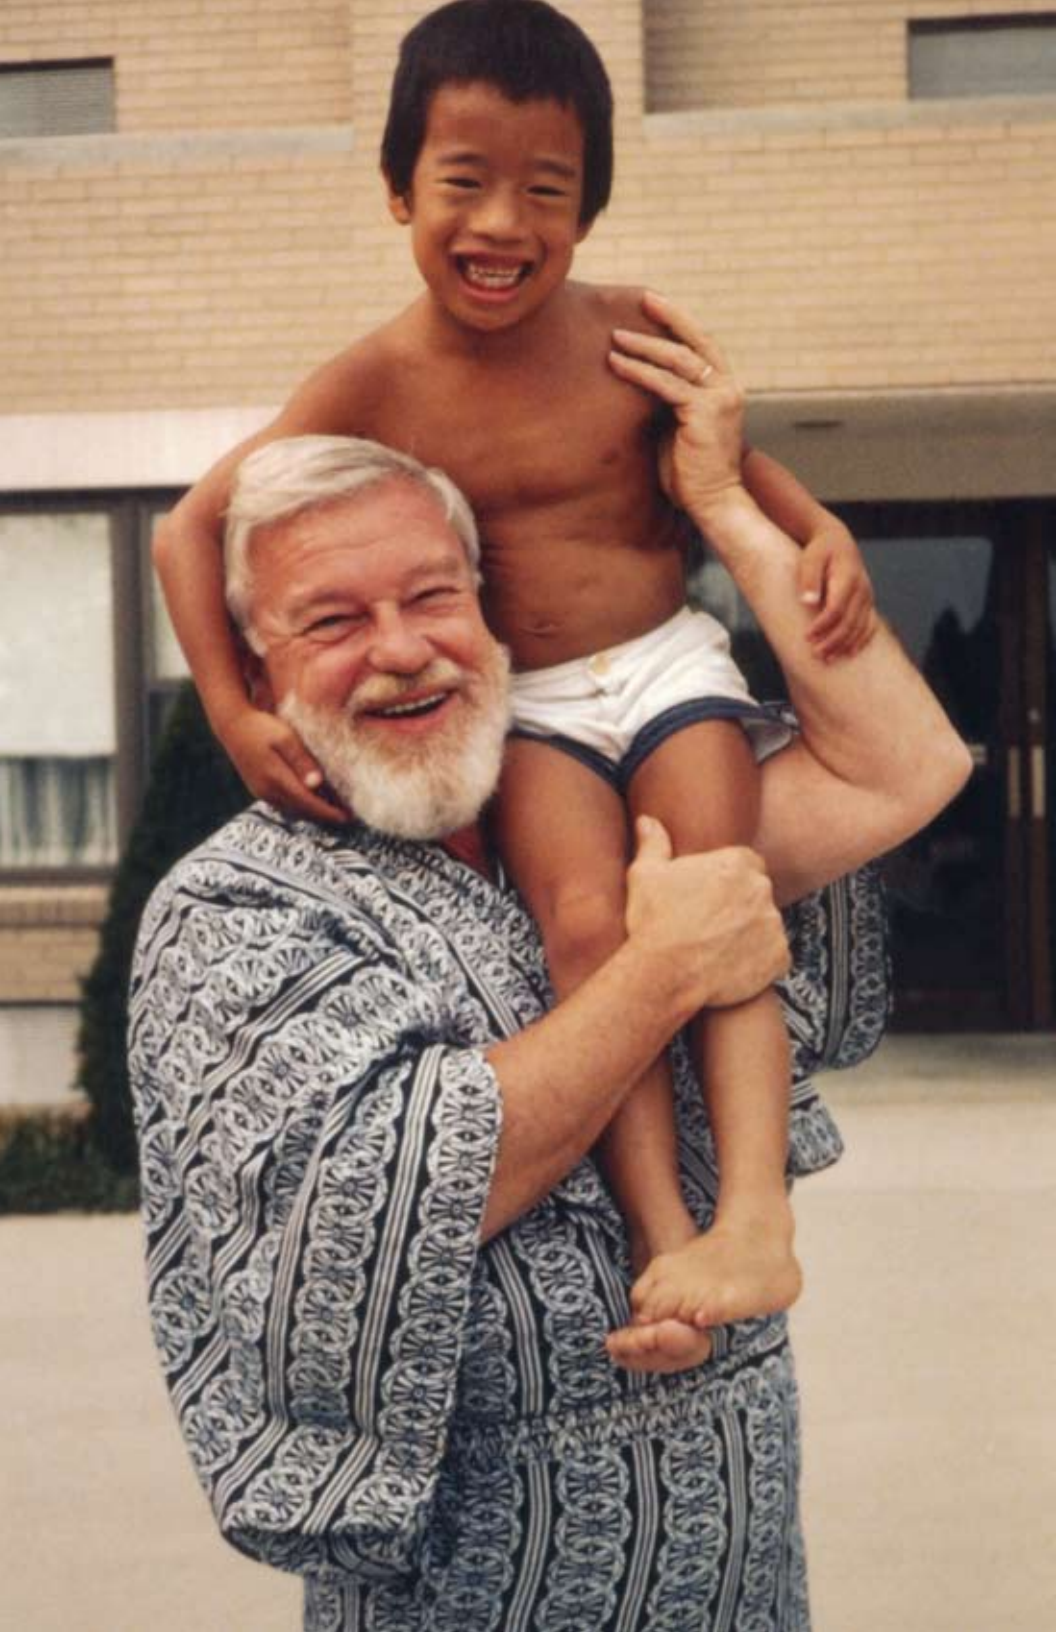

Now is the Time to Flourish

HELP ENSURE THAT THE WORK OF THE
INSTITUTES IS AVAILABLE TO GENERATIONS OF
CHILDREN AND PARENTS IN THE FUTURE.

THIS YEAR THE FOUNDER OF THE INSTITUTES, Glenn Doman, celebrates his 90th year. The Institutes is honoring the legacy of this great and unique man by strengthening its foundation to ensure that his work will endure well into the 21st century and beyond.

To that end, we seek to raise 18 million dollars over the next five years from individuals, foundations and corporations who want to make the world a better place.

Has the work of The Institutes enriched your life or the life of your children? Do you want other families with children both hurt and well to have the same opportunity that you may have had? This is the moment to look inside your heart and reflect on all the work that has been done to help children and that will be done to benefit generations to come. Your support for The Founder's Fund will help to ensure the future of the vital work of The Institutes.

Closing the Gap

THE PERMANENT ENDOWMENT

THIS ENDOWMENT IS THE KEY to securing The Institutes' financial future. We have never charged parents the full amount that it costs to provide our services. This fund will cover the difference between what each family pays and what we expend to serve each child.

The Institutes staff are dedicated individuals who accept salaries far below what they would receive elsewhere. We must be able to support the staff and provide costly medical insurance. Finally, this fund will help cover the costs of training new staff members in order to guarantee that future generations will benefit from the discoveries made at The Institutes.

NEEDED:

- *\$450,000 yearly to cover the difference between costs and tuitions*
- *Cost of living increases for the staff*
- *Medical coverage for the staff*
- *Funds to train new staff*

Goal: \$12 million

Advancing the State of the Art

THE RESEARCH FUND

WE MUST CONTINUE TO SEARCH for and develop better ways to help hurt children become well and well children become better. Rigorous clinical search and discovery allows the staff to create the most effective treatment for brain-injured children and the best enrichment program for well children in the world. The staff of The Institutes continues to author articles and practical books so that discoveries are made available to professionals, parents and children around the world.

SUPPORT NEEDED FOR:

- *Studies: Oxygen Enrichment, Seizures, Nutrition*
- *Effective uses of biofeedback with brain-injured children*
- *The use of advanced technology in evaluation and treatment*
- *State-of-the-art living quarters to house families involved in these studies*
- *Computer system enhancement*
- *Courses for staff enhancement*
- *Long-range study of well children who received the Early Development Program*

Goal: \$2 million

Reaching the World's Families

THE OUTREACH FUND

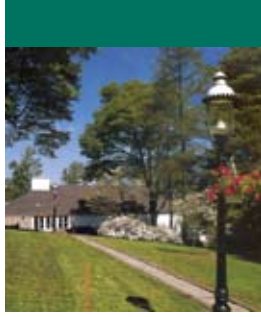

FOR HALF A CENTURY parents have come from around the world to seek help for their children, and yet there are many more who remain unaware of the work of The Institutes. It is vital that we extend and expand our work throughout the world so that parents know that there is hope and help for their children. The Institutes needs the funding to provide worldwide outreach to all parents. Courses, books and materials need to be translated into all major languages and made readily available. Worldwide outreach is a tremendous, sometimes overwhelming, responsibility requiring huge effort on the part of the staff.

SUPPORT IS NEEDED TO:

- *Communicate with parents throughout the world*
- *Make “The Pathway to Wellness” available in every language*
- *Translate lectures, courses, books and materials*
- *Present lectures and courses around the world*
- *Sponsor courses in China, Indonesia and India*

Goal: \$2 million

Preserving a Place for Our Families

THE EXPANSION & MAINTENANCE FUND

WE NEED TO BUILD NEW, MUCH-NEEDED STRUCTURES on the main campus as well as to maintain and to enhance the beautiful 100-year-old buildings and the grounds.

IMMEDIATE NEEDS:

- *New roof for Given Hall*
- *Refurbishing the Valentine Auditorium with carpeting and chairs*
- *Window replacement and stucco work for Clark Hall*
- *Repair or replacement of heating and air conditioning in the Veras Building*
- *Repair of exterior walls, pathways and steps*
- *Demolition and rebuilding of the Marsh Building that houses staff*
- *Renovation of the Theil Building*
- *Tree, shrub and garden restoration on the grounds*

Goal: \$2 million

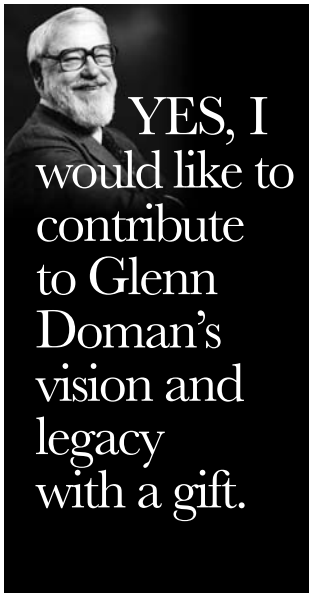

*“This is the place where the things that were
going to happen anyway—happen.”*
